The FY1999 Planning Program is currently being developed and will include appropriate funds for work on FY2000 and future phases of the projects.

1/ Future years' funding needed to complete the Everglades National Park Water Delivery Project is currently under review by the U.S. Army Corps of Engineers.

2/ Donation of the historic bank building is expected to be made by the beginning of fiscal year 2000.

3/ Funds have been appropriated to acquire lands affected by the dam removal portion of the restoration project.
